AMERICAN FIELD SERVICE

It's been a great experience for me to come here to Wisconsin.

I come from Costa Rica. It's a little country in Central America in the tropics. The average temperature is 65-85 degrees all year round. That is why we don't have snow. I wasn't expecting a winter so cold as this one. I have 2 brothers and 2 sisters back home. One of them is my twin, Rudolfo, who is also an AFS student in a small town near Buffalo, N.Y. This is the first time in my life I've ever been away from Rudolfo. I've wanted to come since I was a child because of the many things I thought I'd learn.

There are many differences between here and home. The most obvious is language since we speak Spanish in Costa Rica. In the beginning I had some troubles in school because of that, but time made the difference. Now I feel comfortable being able to speak and write English enough to understand and be understood. Everytime I learn a new word or slang phrase, it makes me feel good and satisfied with myself. It's a good feeling to be able to understand a language that's not yours. I still make mistakes, but it's getting better. I'll take care of that.

My family, the Shropshires, is really great. When I got to meet them for the first time last summer, I knew it was going to be fun and it certainly has been.

I like it when people at school treat me as "one of the gang." I've made many good friends and one special one. These are the people who make me wish I could stay forever, but, unfortunately, all this will come to an end sooner or later. I do know, however, I'll be back!

AFS is a great experience which lets you get to know the human behavior of those around you. Besides that, you get to know yourself. If you ever want to become a student abroad, don't think twice! Do it right away!

Thanks for being such nice people in such a beautiful town.

AFS, which stands for American Field Service, is an organization whose primary function is to bring a student from another country to Monona for a school year. Also, AFS helps out Monona's Americans Abroad candidates who goes to another country for a year or a summer. This year AFS brought Agustin Urena from Costa Rica to Monona and will be sending Laura Chern and Kim Walsh abroad if they receive placements. To do this, an annual pizza sale is held. This involves a great deal of time and hard work which many people, students and adults contribute. All this is worth the result: bringing an AFS student here. Everyone benefits from this in learning a little of the culture of another country.

In addition, AFS provides numerous opportunities for students to meet AFS students attending different schools. This is accomplished through several potlucks and the AFS week-end in February. An interesting and very enjoyable time is always had at these activities, and you always go home with the feeling that you know a little bit more about the world.

AFS pizza sale.

AMERICANS ABROAD

AA, American's Abroad, is the counterpart of AFS. In the AA program many American students each year spend a year or a summer abroad. There is a thorough screening process which each expectant student goes through on the school, local, state, and national levels. The AA in New York City then has the ultimate responsibility of placing individual students with a family best suited to them. In past years Monona students have been placed in Malaysia, Brazil, and Uruguay. This year Laura Chern and Kim Walsh are candidates for the program.

DECA

DECA's purpose is to help students further develop the important qualities needed to succeed in marketing and distributive education. In order to accomplish its goals, DECA attends Regional, State, and National Conferences. DECA also sponsers a Casino Night, chocolate sales, and a fashion show. An On-the-Job career exploration day inspires and develops leadership abilities in the students.

HEALTH CLUB

The Health Club tried to participate in more activities this year. They worked toward more involvement among the club, the school, and the community. They sponsored many bake sales, stationery sales, and ice cream sales. They planned and participated in an activity with the Health Club at LaFollette and they visited St. Colletta's in Jefferson. A Blood Pressure and Temperature Day, the annual banquet, and their cards sent to nursing homes on holidays rounded out their activities. The club also supported a Brazilian foster child. Evandro.

FUTURE SECRETARIES ASSOCIATION

Future Secretaries Association provides a local club with national affiliation for those students who show an interest in learning more about the secretarial field. Through monthly meetings, which are held in the evening, members are able to meet with Madison area secretaries and learn more about positions open to them upon high school graduation and the opportunities available through further education. This year's activities included a talk by the International Secretary of the Year, a tour of the Madison Newspapers plant, a talk by a male secretary, a Christmas party, and caroling for senior citizens, a workshop for high school students, a program on behavioral modification, and a program on self-defense. Senior members also spent a Day-on-the-Job with a big sister and shared their experiences at the April meeting.

STUDENT COUNCIL

The Student Council spent most of the year setting up committees to work on student problems. The committees included the School Lunch and Food Advisory Committee, the Student Activities Congress Committee, and the Activities Loan Company. At the second annual Activities Congress, the club representatives completely revised the constituition. The council also sponsered the student I. D.'s, car registration, a student directory, and the Donkey Basketball game.

STUDENT FACULTY RELATIONS COMMITTEE

Although this committee is a relatively new addition to our menagerie of organizations, it has proved to be invaluable. SFRC promotes many youth oriented activities. They sponsored the Christmas Hall Decorating Contest and the Halloween party, to name a few. It has halped to close the gap between our administration and the students and it should get better as the year wears on.

The yearbook did not get underway exactly as planned. Being slightly overconfident from last year's success, the staff slacked off. For example, the first deadline of 34 pages was November 29 of 1976. It was completed on January 10, 1977, which was already seven days beyond the second deadline of January 3, thus placing the staff 68 pages behind in its deadline.

Numerous problems seemed to compound the situation. They were: organization - or lack of it; picture scheduling and re-scheduling; picture taking and re-taking; picture printing and re-printing; and at times, non-existent copy and materials.

BUT - after a few frantic late night sessions, 44 pages were completed in one week. By the final deadline of March 14, all 142 pages had made it to the plant. Then work began on the supplement! (Here we go again!)

OVERHEARD IN THE YEARBOOK ROOM

Are we working tonight?
Do we have to come?
Where's he at? Are his ears red yet?
What can we do tonight?
Get you hands off me; we've got a deadline to meet!
How do you do this?
Where are all the proof sheets?
Listen kids, I'm not going to do this yearbook for you!
Who's this guy? Hey, he's got nice legs!
We can cross her picture out!
Can we print this?
Do you spell Horstmeier ei or ie?
Is Ken coming tonight?
We've gotta get some work done.
Who's writing on the table? And the wall?
Am I going nuts!
What time is it? I gotta leave.
Can we put the top down tonight?

The Eagle Post has come a long way this year. The paper had so many good articles that it was able to expand to 8 pages! There was much praise given to the paper for their good work. We hope the paper will continue to be as good in the future as it has been in the past.

The Cauldron is Monona Grove's literary publication, and an outlet for creative expression. The Cauldron contains poetry, prose, and art work submitted by students to the Cauldren staff throughout the year.

Recently the 25 voluntary members of the Cauldron staff have begun to print a calender supplement, allowing more students to have their work published.

Stopping by room 87 any Wednesday after school, a vistor to the building would soon learn that poetry and art are alive and well at Monona Grove High School.

RADIO CLUB

Any student who is interested in ham radio may become a member of the radio club. The purpose of the club in to build interest in ham radio operation and to allow interested students the opportunity to practice code and to study theory and thus obtain an operator's license. The station is licensed to Mr. Anderson but students are allowed to operate the station after they obtain their own licenses from the Federal Communications Commission.

DEBATE

The topic of prison reform proved to be a winner for MG's first debate team in three years as the team surprisingly picked up two trophies. The debaters placed 2nd at the Stoughton Invitational, and placed 1st at the La Follette Invitational, but unfortunately missed their chance of going to state by one point!

That's a pretty good record for a team of rookie debators and their rookie coach, Mr. Mankowski, who had only coached debate once while student teaching.

Two team members, Jon Staebell and Jeff Skiles, each participated on a televised debate show, "Young Advocates" on Channel 21.

Although debate takes "hard work, determination, and patience," Its members agree that the fun and the rewards make it all worth while.

BADGER STATE REPRESENTATIVES

Badger Boys and Girls State is an experience for students from all over Wisconsin to learn about government on the local and state levels. The boys assemble at Ripon College and the girls at the U. W. Madison campus for one week of simulated elections for positions such as aldermen, district attorney, and even governor. In addition to the political experiences gained, another worthwhile outcome of attending Badger State is the many new friendships made by the participants.

MATH TEAM

The Math Team is a group of students who wish to use what they have learned in their math classes in competition with other schools. The team travels to schools in the Madison area to compete with other schools from all over southern Wisconsin. Thes year, there were four meets in which both the varsity and junior varsity placed well.

FRENCH CLUB

The activities and services this club renders are many and varied. From the Carnation sale at T. W. I. R. P. to the delicious French dinner, this club is always involved in some sort of ingenious activity. The advisor, Miss Landsness, is very patient with one of the largest and most exciting groups in the school.

MATH CLUB

The goal of the Math Club is to explore fields of math that wouldn't be studied in the regular classroom, mainly computer and chess. This was the first year for the club, and, hopefully, more people will join as more projects are added over the years.

SPANISH CLUB

Spanish Club activities are primarily cultural. In the fall the Club attends the International Folk Festival in Milwaukee: There the members of the club are able to view the crafts of the many national groups that are in Wisconsin. Also they can sample their cuisine, listen to their native music, watch their folk dances, speak with natives of the countries, and buy imported goods. Once a year the members go to a Mexican restaurant where they get combination plates of different Mexican foods. The club has an annual Christmas party in the Mexican tradition: food, games and the pinata. Some time is given to the planning and completing of projects to earn money to help defrat the expenses of this summer's trip to Mexico during the summer.

NATIONAL HONOR SOCIETY

NHS is a National honorary organization open to juniors and seniors. In order to be a member, a junior must have a 3.45 total growth grade point, and a new senior needs a 3.25. Activities of the group include tutoring other students in the school, occasional get-togethers and, of course, the great camping trip every spring which combines both fun and a chance to discover some Wisconsin history. This year, there are 50 senior and 27 junior members.

PEP COMMISSION

The Pep Commission has two important goals and activities during each school year. One is organizing and handling Homecoming. The other is year long promotion of school spirit for all athletic events. This is done through Pep assemblies, Color Day, posters, selling buttons and penants, sponsoring student buses to away games, and any other appropriate activities. While the Pep Commission is a large and fairly active group within the school, its success really depends on the rest of the student body. Monona Grove has had good school spirit. The Pep Commission wants to help keep it that way.

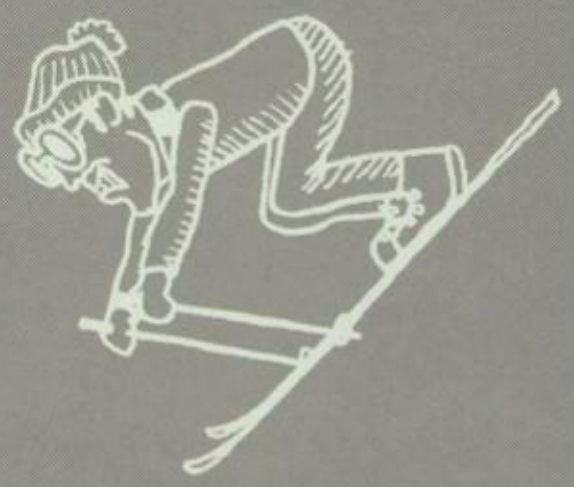
SKI CLUB

Cheryl Noltner, President; Mary Metcalf, Secretary-Treasurer; Kelly Walker, Vice-president

The Ski Club had a fun year with its six Monday night trips to Devilshead. The joke and song-filled bus rides made for a lot of cheerful skiers on the slopes. Although it was never easy, the skiers managed to get up for school on Tuesday mornings. A week-end trip to Mt. Telemark highlighted the season that saw no injuries to members.



GIRLS SPORTS CLUB

All female students are invited to be members of the Girls Spo.ts Club. Through after school activities, such as bowling and volleyball, and week-end activities, such as roller skating and bike hiking, the club encourages participation in physical activities and promotes an awareness of the fun involved in physical activities.

VARSITY CLUB

The Varsity Club is made up of the winners of major athletic awards, and its primary purpose is to aid and promote the athletic program at MG. The club does this through fund raising to help secure equipment needed which can not be bought through the normal budget. It also gives four to six scholarships per year to senior award winners. Hopefully, the club can become more active in ushering, working on programs for events, and helping wherever they can. New members are admitted three times a year after the conclusion of the fall, winter, and spring sports seasons.

HOMECOMING

Homecoming festivities began spiritedly on Thursday night with the annual parade which led the crowd to the athletic field. Wayne Rayfield, last year's Homecoming King, represented the alumni and gave a traditional alumni speech. After introducing the Homecoming Court, Mr. Thompson announced the Homecoming Queen - Devon Washburn. On Friday, October 8, a rousing pep assembly in the afternoon set the stage for a Silver Eagle victory over Middleton that evening, 43-7. At the game Emcee Becky Whelan announced the winners of the "best float" and "best skit" awards. The sophomore class took both honors. The big moment of the half-time program was the coronation of the Queen by King Tim Olson. The band "Zoom" provided music for the Homecoming dance in the Commons after the game. The theme of this year's Homecoming was "Beginnings."

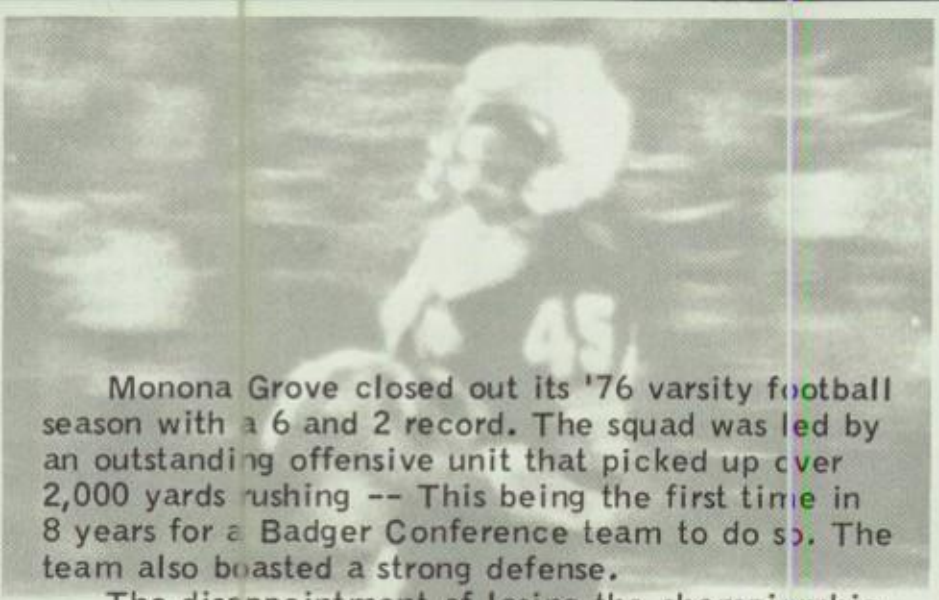
VARSITY FOOTBALL



Monona Grove closed out its '76 varsity football season with a 6 and 2 record. The squad was led by an outstanding offensive unit that picked up over 2,000 yards rushing -- This being the first time in 8 years for a Badger Conference team to do so. The team also boasted a strong defense.

The disappointment of losing the championship at Fort Atkinson in overtime dampered an otherwise impressive year.

Selected to the All-Conference team were; Tim Brockman, Jim Deering, Tim Olson, and Bill Rahn. Head Coach Dick Rundle was assisted by Joe Blum, George Harrell, Bob Jacobson, and John Verhelst.

JUNIOR-VARSITY FOOTBALL

Rampaging undefeated through the conference, this year's J.V. team ended with one of the most impressive seasons ever. The defense held the opponents to an average of 9 points per game, while the offensive line made the holes for the backs to average 9.5 yards per carry. Their strong determination, effort and desire to win brought them the J.V. Badger Conference Championship.

'76 cross country was one of ups and downs with the high point coming at Stoughton in the Conference meet. Coach Glenn McNaughton led the team in and pulled a stunning upset over Fort to gain third in the conference. They carried that enthusiasm on to the Regionals with fine performances from all, despite no one making it to Sectionals. The J.V.'s had some inconsistent performances with 5 freshmen and 7 first year runners, but they do have a bright future with this experience behind them. It was a good year for acorns and everyone had a lot of fun.

GIRLS VOLLEYBALL

The girls season came to an end after the team placed third in regional play. They played a 5-1 setup which consists of 5 spikers and 1 setter. They finished strong with only two returning players. The team is a fine one and even though they lacked experience, they pulled through the season and placed second in the conference.

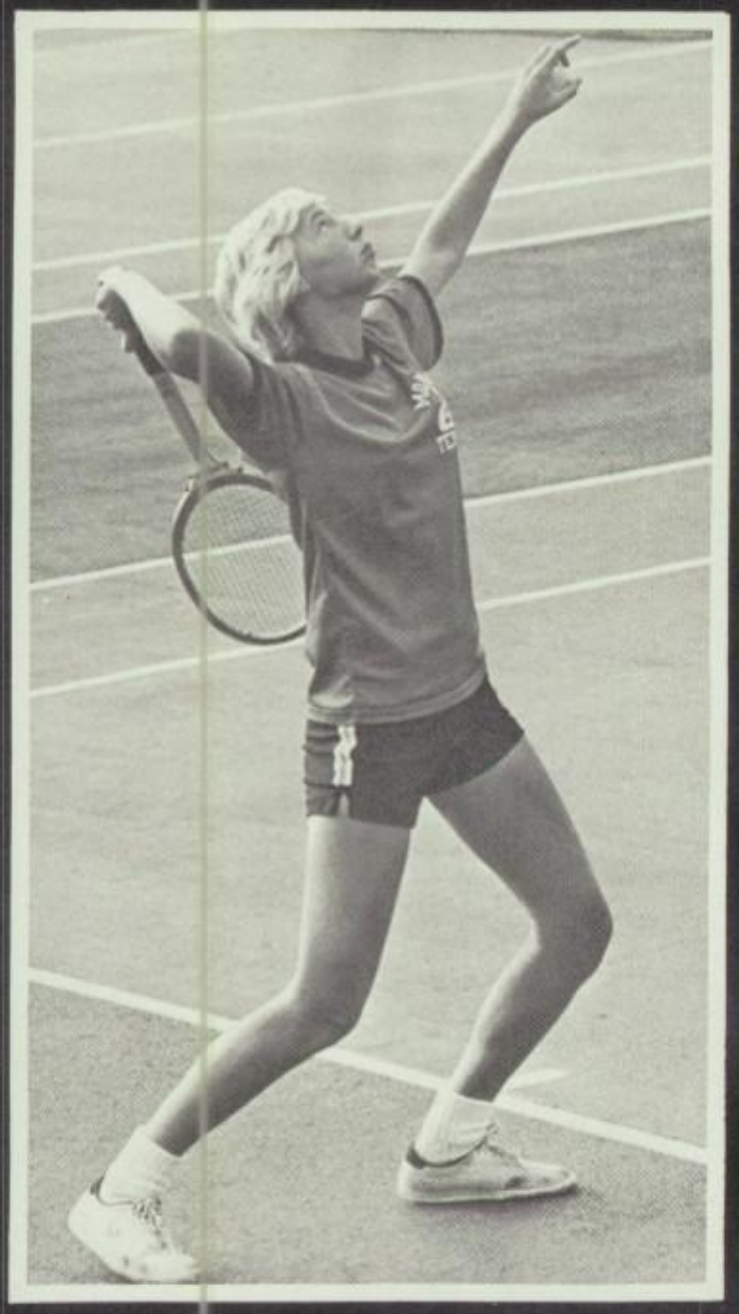
GIRLS



The Girls were involved in eleven matches this year. Seven were conference matches, and four were non-conference matches. They won all of these-leaving the season play at 11-0. At Badger Conference the girls placed second as a team allowing Fort Atkinson to tie us. The Badger Conference Trophy went to both Monona Grove and Fort Atkinson. At subsectionals, Karen Giebink qualified for sectionals in singles, and Kathy McCoy and Cheryl Noltner qualified for sectionals in doubles. From sectionals, the doubles team went on to state. Kathy & Cheryl were defeated in their second match by Nicolet which took second in the state competition. All in all, it was a great year with excellent team work.

GIRLS SWIMMING

The young M. G. girls' swim team was up against forbidding odds this year. Besides having just a handful of girls out, most of whom were freshmen with no prior swimming experience, they also were starting only their second season as a school team. Nevertheless, the girls showed great improvement under the coaching of Charlie Stebbins, and they placed well in the conference meet. Lynn Robinson placed third in the 100 yard butterfly, Janet Perry placed fourth in the 500 yard freestyle, and Kim Getgood placed first in both the 100 yard butterfly and the 200 yard individual medley.

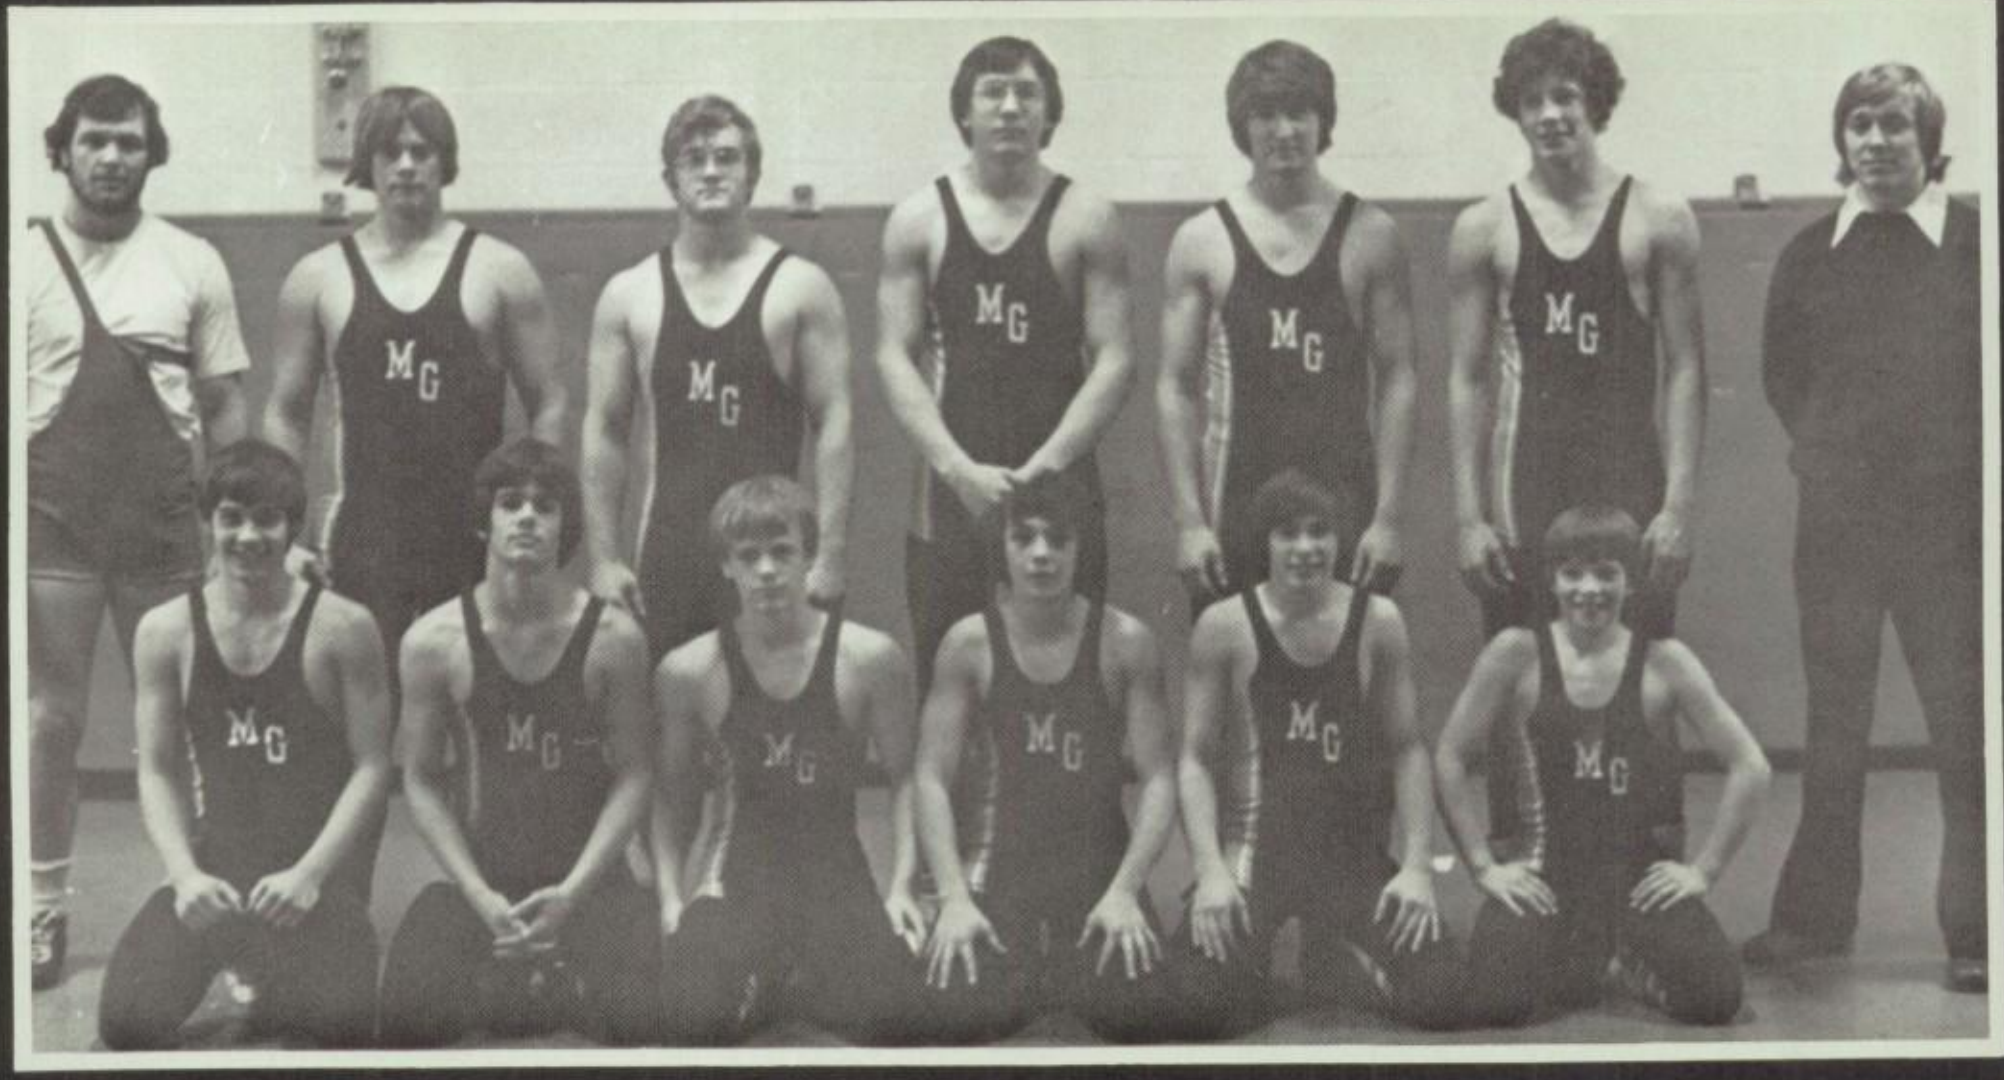
BOYS SWIMMING

The Boys Swim Team had a frustrating but productive season this year. Because of the lack of participants, main emphasis was placed on individual efforts and all swimmers showed improvement. The second-year team made an impressive showing at the State Small School Invitational capturing five 1st place finishes and setting 2 new meet records. They finished an inevitable 5th in the Conference Meet but established 4 new meet records in that contest. The season ended with a triumphant splash as the MG colors rolled into state competition. Capt. Pete Waite qualified in the 50 yd freestyle and Dave Hargraves advanced to finals, taking 6th in the state in the 500 yd. freestyle.



FRONT: Dan Helsel, Tim Getgood, Dale Martin, Nick Mundt, Craig Reed, Mark Thompson. BACK: Asst. Coach Ed Vatch, Dale Scovill, Steve Handel, Mark Topper, Mark Goff, Jerry Hendrickson, Head Coach Paul Meier.

VARSITY WRESTLING

The wrestling team started the season with a bang, winning 5 of its first 7 matches. After dropping several matches to some strong conference teams, they finished the season by winning their last three matches, and ending with a respectable 8-5 season record. The Silver Eagles did not have the overall team strength to do well in their tournament competition, but several individuals took tournament championships. The outlook for next year is excellent with the return of 12 underclassmen having varsity experience, and several good prospects from the Junior-Varsity and Freshman teams expected to challenge for positions on the Varsity squad.

MG began the season with high hopes. They started with a supposedly strong team which was thought to be a contender for the conference title. But it wasn't until after a disappointing first half of the season that they began to show some of their talent. Led by its two big men, Kevin Zwart and Pat Kinder, the team won six of its last seven conference games. The only loss was a one point defeat to the conference champions, Fort Atkinson. Then, in the first game of their regional play, the Eagles fell to the Sun Prairie Cardinals, whom they had beaten just two weeks before. The team's leading scorer, rebounder, and free throw shooter was Kevin Zwart. Bruce Evenstad led in assists. The outlook for next year? . . . VERY PROMISING!

JUNIOR-VARSITY BASKETBALL

The J.V. basketball team closed out another successful season with a 12 win, 6 loss record-good enough for second place in the conference. The team's strong point was their defensive play which allowed only 41 points per game while averaging 49 points themselves. Mike Zwart was the leading scorer with 314 points missing the season record by only two points. He was also the leading rebounder with 143. The team shows good potential for the seasons to come.

BOYS FRESHMAN BASKETBALL

The freshman Basketball team improved immensely this season. Hurt by inconsistency early in the season, the team lost two out of its first three games. With hustle, dedication and a strong team effort, the A-squad finished with an 8-4 record and the B-squad with an 8-2 record. They showed discipline and intensity which is the key to success.

Coach Karen Grimm's varsity squad practiced hard and it showed in their impressive 11-5 overall record and in their 10-4 conference record. The team beat Sun Prairie, 37-32, in regional competition, but the season ended in a heart-breaking loss, 45-44, to LaFollette in the regional title game. The girls were very impressive on bounds, getting 210 offensive and 308 defensive rebounds. Jan Rundle (center) was the high scorer with 129 points, followed closely by Kathy McCoy's 128. Next year holds great promise with the return of seasoned players and the addition of good players moving up from the junior-varsity level.

1st Place in Conference
2nd Place in Regionals
4th Place in Sectionals

Although the girls gymnastics team was small in number, they showed their strength by finishing an undefeated season in dual meet competition. The girls then advanced to Regionals, where they took second place. Barb and Pat Higgins each placed on one event while Karen Sage placed in all four events in addition to all-around. The entire team then went on to Sectionals where they placed fourth. Karen Sage qualified for state competition by taking first on the balance beam.

HOCKEY

The hockey team was a very hard working and dedicated group. It was a hard luck team that often found itself on the short end of a 3-2 score and never really out of any game throughout the season. The seven games lost by just one goal seemed to tell the story of the whole season. The team looks forward to next year with the return of 14 players, losing only four seniors to graduation.

DISTRICT ADMINISTRATION

The most fundamental human need of every person is the understanding of himself, his relationship to other human beings, and his relationship to his cultural and physical environment. This understanding can not be attained by an individual in isolation, but only as a result of interactions with others and his environment. Within this context, the search for understanding is the process which leads to humanization. Although the need for self-understanding is unborn, the quality of being human is acquired. Each person, each generation, begins in a primary state as far as his or its humanity is concerned. No individual or generation has an edge on his or its predecessors in regard to what is human. For these reasons the ultimate goal of the K-12 educational program of the Monona Grove school district is to provide the kinds of experiences which will further the continued development of humanized persons and responsible citizens concerned with improving our society.

80 FRESHMEN MG

The freshman class, not really knowing what it was getting into, came in with a wave of determination. We didn't have a Homecoming skit, much to the enjoyment of the upperclassmen and our embarrassment, but we tried despairingly to make up for it with a Homecoming float. The outstanding freshmen social life should be remembered for its merrymaking. We did a lot of it. As the faded flowers of Homecoming were slowly put away, so were the crumpled pages of yesterday's assignments and the forgotten thrills of basketball games. Our class will remember its freshman year as one of fear, confusion, great times and joy in knowing we'd made it through a hard year. We look forward to the challenge of the coming years and hope the times get even better.

79 SOPHOMORES MG

Our Sophomore year was a rewarding experience for all of us. Realizing that high school offered more than homework, we changed our attitudes and started to become involved in activities. The year started off with 2 1/2 weeks of work on the Homecoming float and skit. Our hard work paid off, though, as we won both the Best Skit and the Best Float awards. Christmas time crept up quickly and SFRC's hall decorating contest began. With the help and determination of most of the class, we succeeded in capturing the title for the Best Hall decorations. After such a great year, the class is greatly looking forward to our Junior year.

'78 JUNIORS MG

It took us two years to get here, but we made it. We no longer have to worry about getting pushed around by seniors or hiding in the hall woodwork on the way to class.

Many of us have new responsibilities: driver's licenses (the insurance companies will make a mint with all our accidents this year!) and jobs at which we work harder than ever for a little "mad money". We are in the stage between adolescence and adulthood which sometimes makes things difficult. Decisions about careers and college are in the backs of our minds and creeping up fast.

It's time for fun and parties, too. No one will forget the hill climbs. Our class has really gotten together this year. Although our Homecoming float was disappointing, we put up a good fight for Christmas hall decorations and skit. Later Twirp and Prom headed our list.

As seniors, we intend to have a great year with all the new experiences we'll have and we're sure we'll make the best of it.

So next year-when we're seniors-who knows? ? ? ? ? ?

Our big year had finally arrived. With graduation around the corner, we were forced to make decisions that would affect us the rest of our lives. It was a time for us to look back upon our years at M.G. and to remember all our wonderful experiences. Even though we may or may not have been eager to graduate, we will certainly miss the four years we all have spent at Monona Grove.

DEBBI VanHORN

Four short years ago, we came to M. G. as freshmen, bumbling along our revered halls with an intense fear of walking past the row of senior guys who always happened to be lined up where we were walking! It seems strange that in this beloved school, at one time, we felt lost in the enormity of its halls. It was a time of confusion and fear, mingled with the exciting realization that we had finally made it to high school. It was a time for us to be proud of our class; our frosh boys were taking first place in sports, and Bleck and McCoy had already been put on Varsity. The year went by quickly and was soon overtaken by our sophomore year.

This was the year when the girls realized our boys were finally maturing, and they could actually talk to them. The boys also found the girls were looking a little cuter than before. It was the year when we first started using the I. R. privilege, not realizing our terrible fate if by chance we got caught pretending we had open campus. We felt we were a little wiser, figuring out ways to escape the pink slips and tardy passes, outside permits and unexcuseds. We were no longer the "innocents" of the school. We had someone to pick on if we wanted to. We no longer had to walk everyplace we went; now that we had our precious licenses!

Of course, it was soon into our junior year. It started out with one of the saddest happenings of our lives; the death of Gordy Onsager during the previous summer. His death left an impact that stirred us on to make this the year when all our dreams would come true. We started out with a winning Homecoming skit with the help of the Marx brothers; and then it was on to our main objective, PROM! Scarcely a week went by without one of our renowned bake sales. At the time of our carwash, it seemed as if we would never hit our $1000 goal. Somehow with the help of Twirp, we did it! Our " Reflections" of prom are that it was the most beautiful ever. Our "chicken pox king" certainly added his beauty to it! It probably was the time when we felt the closest as a class. Everyone worked together night and day until we finally obtained the beauty of our year long dream.

Shortly after prom came senior recognition day. For us it was a time of sadness and a new awakening. We knew that we could no longer escape the fact that we were next, and all our wonderful times were slipping by quickly. Senior year finally came. Homecoming was around the corner. We started it off by being humiliated by the juniors who booed our skit, followed by a little mix-up at the dance, but overall, Homecoming was most fun.

We realize that many things we have done this year were for the last time ever. For awhile, we had slipped back into the confusion of our freshman year by not knowing where to go or what to do, but by now, with the aid of our wonderful years at M. G., we are starting to find our place in the world. Our memories of our great school, teachers, and classmates will forever live with us, pushing us forward in our lives. With each step we take we will leave a little of ourselves and these four years behind. Though we may look back often to these golden years, never will we return, for we know that our future is always forward, and we must move with it.

Fit all body copy, captions and identifications for a single page on one 3-C Copysheet, if possible. Do not remove top tab or carbon until Copysheet is complete. BE ACCURATE — CORRECTIONS COST TIME AND MONEY!

HOW TO USE THE 3-C COPYSHEET

1. Use the Copykey from the Typography section of this guide book to determine type-fitting information.
2. Set typewriter margins for maximum line width determined in step 1.
3. Begin typing where indicated by arrow at left; do not exceed the margins you have set.
4. Type all capitalization, paragraph indentions, punct tion, etc., exactly as they are to be printed.
5. DO NOT ERASE mistakes. Cross out entire line and resu typing on the following line.
6. Indicate type face and point size to the right or be copy.
7. Hand letter headlines on layout form in proper position
8. PROOFREAD all copy and instructions very carefu Complete bottom portion 3-C Copysheet.
9. Tear off top tab, discard carbons and include white yellow copies in page envelope of materials to be sen publisher. Retain pink copy for your records.

Another year of frenzy in the yearbook room, and look what we've done! For the seniors, oval pictures and endsheets. For faculty, a new layout and a legend. And for everyone, an index, our own division pages, talented artwork, (by a frosh, no less!), student life, AND STUDENT BODY! We've got 16 more pages, plus enough blank pages for all of you to sign your hearts away!

How do you feel about our second efforts? Again, we feel pretty proud, and we hope you enjoy the book.

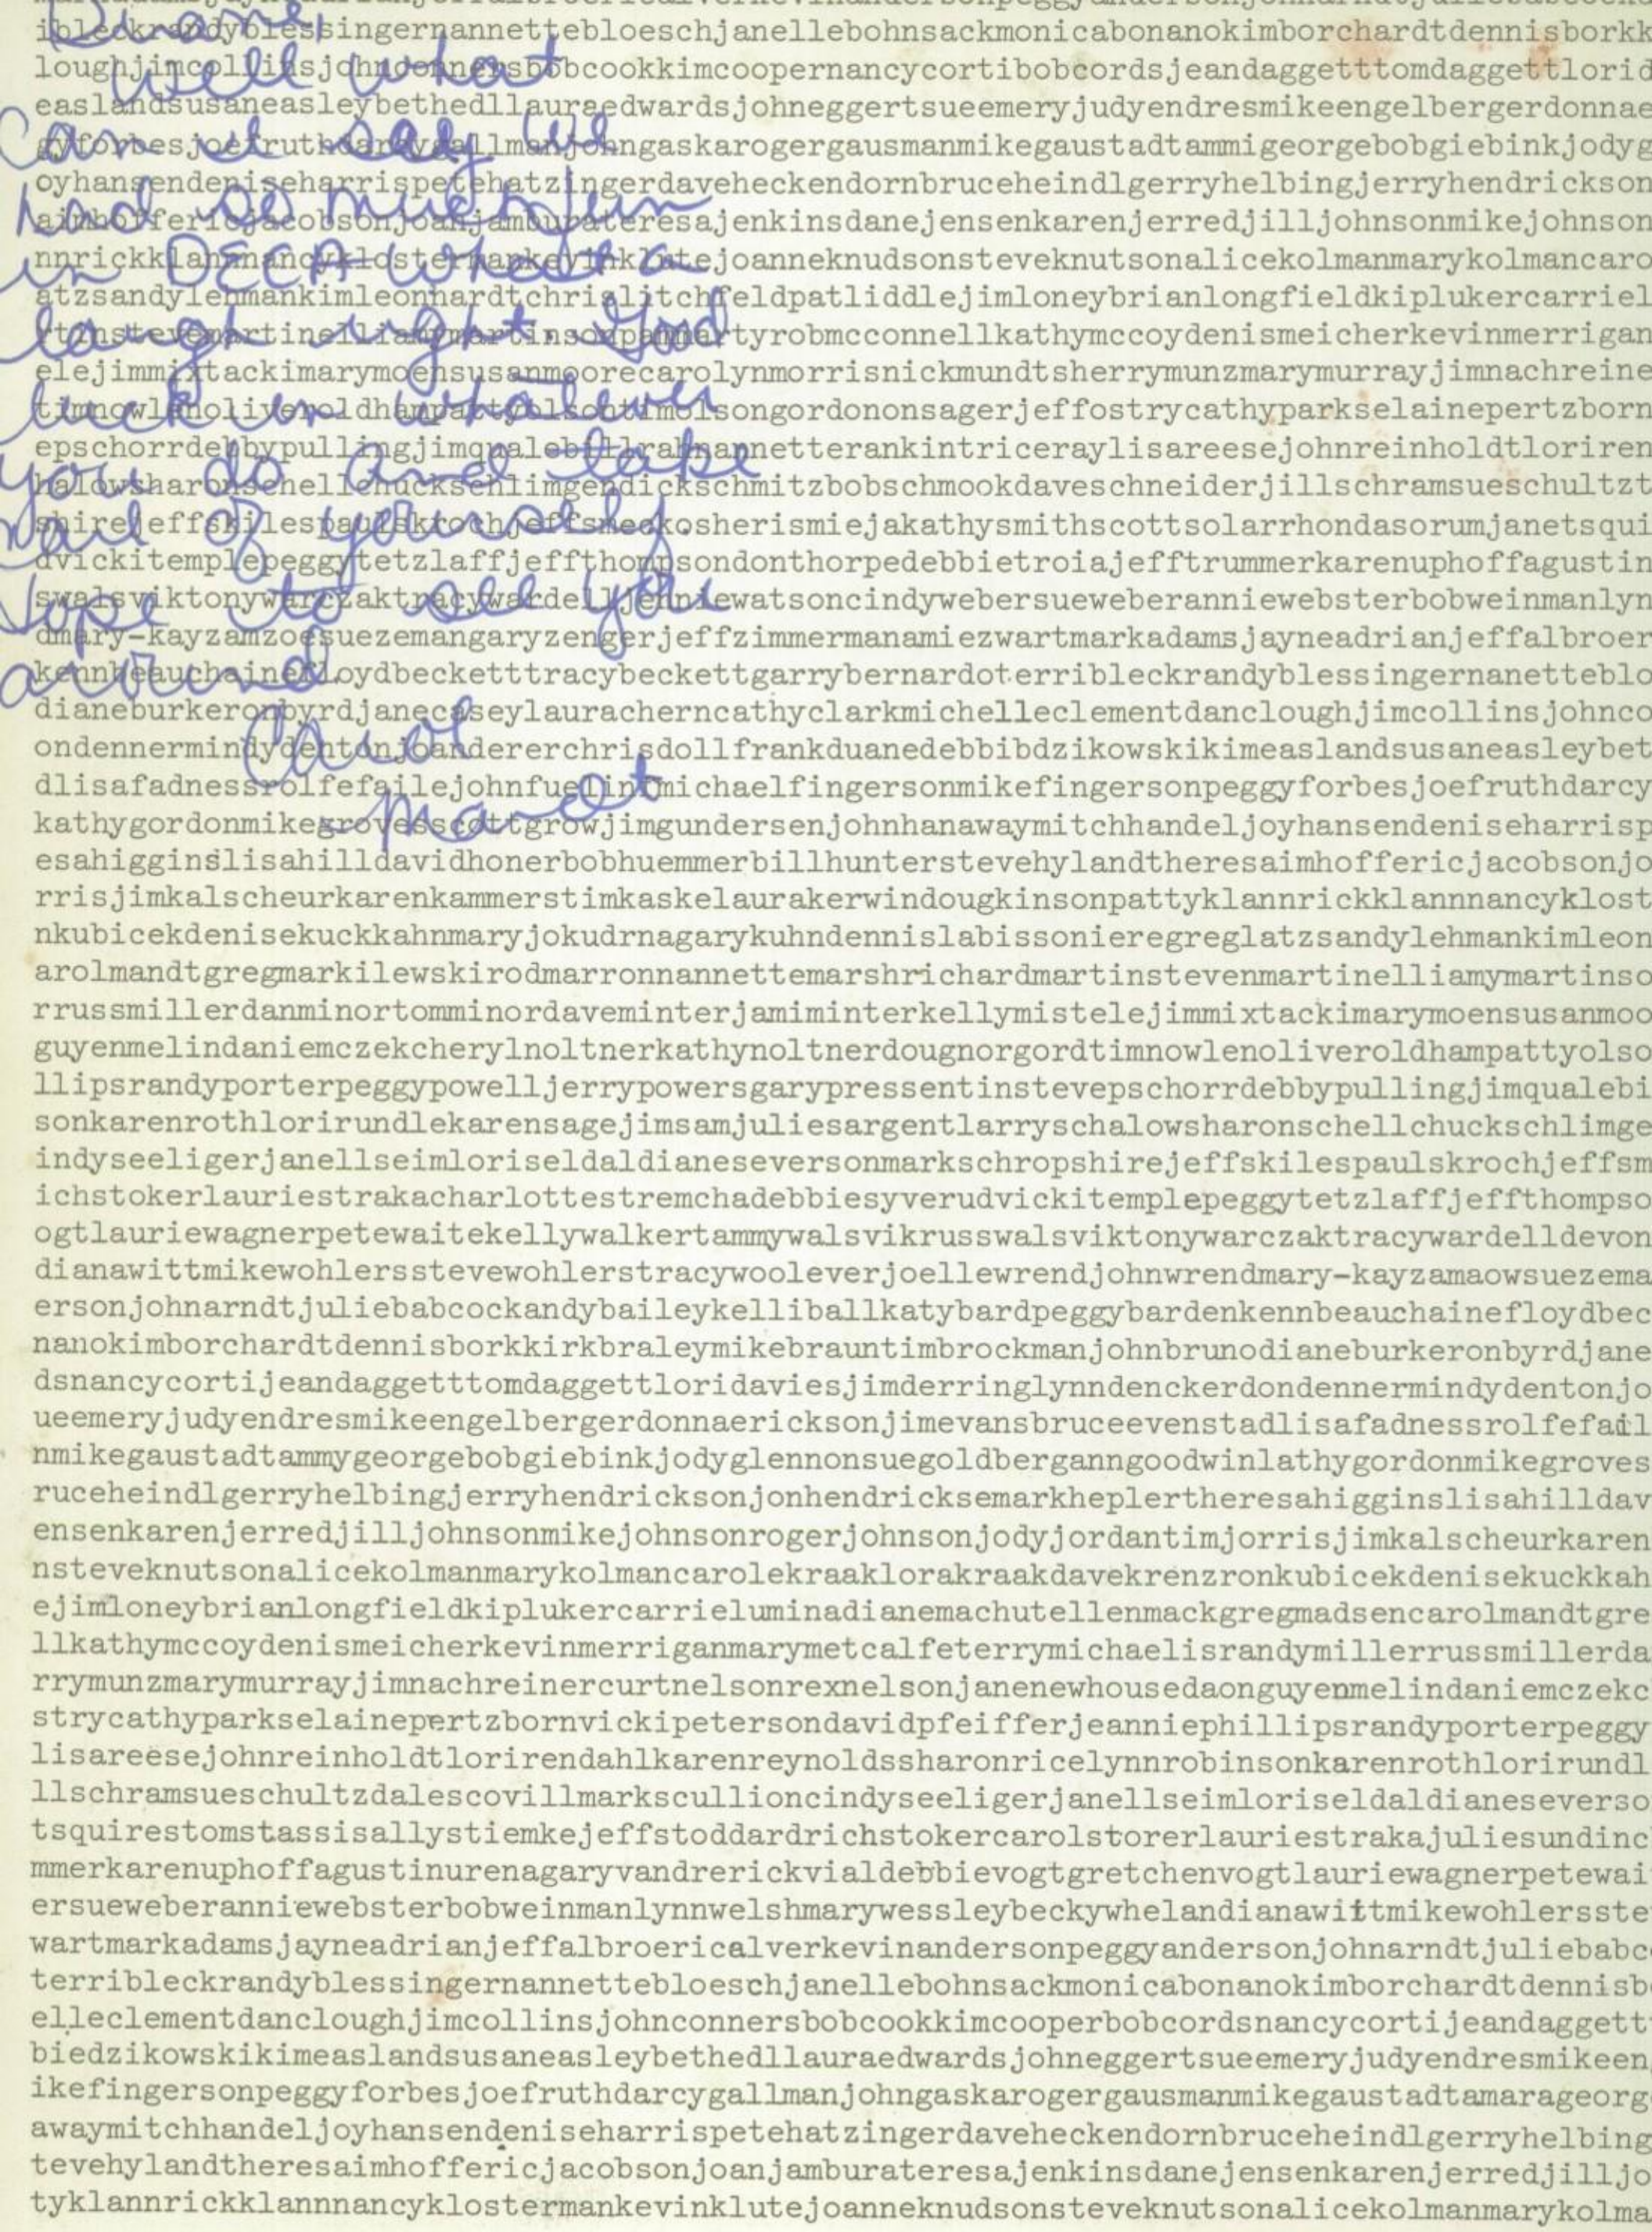
Diane
We had fun didn't we 4th hour & lunch.
If my sister ever find out what we did she'd
kill me. You a great person (fun!!!)
Have fun next year at work if you ever get a job Ha Ha Ha
lots of luck always
Your friend
Mike Messner.



Praise the Lord
Can we say Hallelujah
and He must reign
in Decatur
let all right God
Lord Jesus Christ
You do and take
Lord to yourself
Amen
